A

DETAIL A

① ⑤ ② ③ ④

ASSEMBLY INSTRUCTIONS:

A) Place spring nuts (item 5) in C channel at desired location for the cable manager.

B) Align mounting slots in cable manager (item 1) with spring nuts. Secure using 3/8 flat and lock washers and 3/8-16 x 7/8 screw (items 2, 3 & 4).

C) Ensure cable manager is perpendicular to bottom and tighten all screws.
